*All students will need a graphing calculator in their high school career, so it is recommended for you to buy a graphing calculator even if students are in Math 1 or Math 2 so they can use it all four years. If you cannot purchase a graphing or scientific calculator, you may check one out for the year at the start of school.

*Todos los estudiantes necesitan una calculadora gráfica en su carrera en la preparatoria, por eso es recomendable que usted compre una calculadora gráfica, incluso si los estudiantes están en Math 1 o Math 2 para que puedan usarla durante los cuatro años. Si usted no puede comprar una calculadora gráfica, puede verificar uno por el año al comienzo de la escuela.
