

A Learning Experience that Changed Me:

I started my career in education as a paraprofessional at a school which served students with significant support needs. We would take students throughout the Denver and Colorado community and on one such occasion we went to Red Rocks Amphitheatre. It was my first experience at this legendary venue and it was such an amazing experience to share with my kiddos.

My Favorite Book:

Infinite Jest - David Foster Wallace

My Hobbies and Interests:

I enjoy comedy shows, reading, working out, meditation and experiencing the outdoors.

Prior Experience in Education:

I started my career in education working as a paraprofessional for students with severe developmental disabilities for 2 years. I then served as a paraprofessional for students with social emotional disabilities for 5 years. During that time I went back to school to earn my teaching license. Last year after completing my teaching program I served as a learning support teacher for a Denver area middle school.

Something Super-Unique About Me:

In 2017 I ran the Colfax marathon without having trained for it.

Why I am Excited About Working at DSST:

I am excited to begin my career with DSST because I want to build my skills as a teacher in a community with amazing educators. I am excited to work in an enriching and positive environment with a diverse group of students!
