

Ms. Berg

Metropolitan State University

Composition

A Learning Experience that Changed Me:

I had a rough start to my college astronomy class. It was so much more difficult than I had anticipated! But I learned that the harder I worked and the more I sought out help with the material, the more I progressed. I've applied that mentality to every challenge I've encountered ever since.

My Favorite Book:

There are too many to pick just one, but some of my favorites include A Tree Grows In Brooklyn, Invisible Monsters, The Night Circus, The Book of Lost Things, and The Brief Wondrous Life of Oscar Wao.

My Hobbies and Interests:

Reading, writing, editing, listening to music, cooking, crafts, art, and radio broadcast.

Prior Experience in Education:

This is my fifth year at Byers and third year teaching Composition.

Something Super-Unique About Me:

I completed a Guinness World Records attempt: 56 hours straight on the radio!

Why I am Excited About Working at DSST:

The students are some of the most awe-inspiring, compassionate, driven, and hilarious people I have ever met.
