

# Mr. Glasgow

## Ohio University

### Director of Curriculum and Instruction

#### A Learning Experience that Changed Me:

Developing co-teaching models with my 12th-grade statistics teacher who embraced the process and my 12th-grade English teacher who initially opposed having another teacher in his room taught me the importance of strong relationships and intentional collaborative planning needed to drive significant student growth.

#### My Favorite Book:

The Wind-Up Bird Chronicle by Haruki Murakami; Where I'm Calling From by Raymond Carver

#### My Hobbies and Interests:

Reading children's books to my daughter, Reading to myself, Hiking, Running, Composting, Traveling, and Basketball

#### Prior Experience in Education:

Language Arts and Special Education Teaching Candidate at Cherry Creek Elementary School, Niver Creek Middle School, and Adams City High School;  
Special Education Teacher and 12th Grade Team Lead at Venture Prep High School;  
Special Education Coordinator at Colorado High School Charter -Osage Campus

#### Something Super-Unique About Me:

I grew up outside of Wilmot, Ohio (population: 300 people) on 50 acres of woods; there are more students at Byers than people in my hometown!

#### Why I am Excited About Being A Staff Member of a Founding School:

I am excited to be a part of DSST's mission to eliminate educational inequity. My journey across the United States has led me to examine who I am in relation to the students I teach and with the people I work. Disability is one aspect of the magnificent diversity of humanity, and I am looking forward to joining a network of educators who ask the right questions and look to grow at every opportunity to meet all students' needs.
