Stanford

Reading & Social Studies

A Learning Experience that Changed Me:

In 7th grade, my English teacher assigned an essay. I submitted mine, but she didn't grade it because "it wasn't ready yet." I tried again and it still wasn't ready. Frustrated, I sat down with her. She taught me how to outline and then write. After I submitted it a third time, I earned a B. I revised that essay twice to earn an A. She taught me how to organize, write, and revise. I'm forever grateful.

My Favorite Book:

Becoming by Michelle Obama

My Hobbies and Interests:

I love spending time with friends and family, learning new things (this summer was coding), asking questions, being outside, cooking, and laughing until I cry.

Prior Experience in Education:

This is my second year at Byers teaching 8th grade reading and social studies. I have taught 6th & 7th grade math and science, worked as a school administrator, and worked with a non-profit that focused on family engagement in schools.

Something Super-Unique About Me:

I was home schooled 1st-8th grade.

Why I am Excited About Working at DSST:

Amazing team! The best students. Everyone at DSST is committed to growing and being their best selves!
