

DSST: BYERS HIGH NEWSLETTER

150 S. Pearl St. 303.524.6350 byers@scienceandtech.org

\$67,912.76

Congratulations Falcon Community! Together we raised \$67,912.76 for Flight of the Falcons! We had 72% of families participate. That is pretty awesome since our goal was \$50,000 and 50% participation. While the campaign is over we still accept donations all year so if you didn't have a chance to give you still can.

Core Values Award Winners

Jackson Tait

Ashley Martinez

Talon Award Winners

Selihom Yosief

Makaila Phanhdone

Tri 1 Awards Ceremony Schedule

9th Grade
Tues., Dec. 12th
8:15-9:30am

- 12/7—HS Girls Basketball vs Douglas County @ Douglas County High School, 6:30pm
- 12/8—Early Dismissal @ 11:30am, Parent Teacher Conferences

CALENDAR

COLLEGE FAIR

DSST: Byers' sophomores held a college fair for their sixth grade classmates last week. Our high schoolers are taking Sophomore College Seminar, a weekly class devoted to early college preparation and career exploration. For their Tri 1 College Project, each student had to choose a college to present "college fair style," which included basic information (from demographics of students to most popular majors and more) and visual effects to engage their "prospective students." In addition to their admissions presentations, the sophomores also created tri-folds or brochures, PowerPoint presentations, and posters.

\$67,912.76

¡Felicitaciones Falcon Community! ¡juntos recaudamos \$ 67,912.76 para El vuelo de los halcones! Tuvimos 72% de familias participando. Eso es bastante asombroso ya que nuestra meta era \$ 50,000 y 50% de participación. Mientras termina la campaña, aceptamos donaciones todo el año, de modo que si no tuvo la oportunidad de hacerlo, todavía puede hacerlo.

Exposicion de univ.

Los estudiantes de DSST: Byers de 10º tuvieron una feria universitaria para sus compañeros de clase de sexto grado. Nuestros estudiantes de secundaria están tomando un clase se llama Sophomore College Seminar, una clase semanal dedicada a la preparación de la Universidad de temprana y exploración de carreras. Para su Tri 1 College Project, cada estudiante tuvo que elegido una universidad para presentar el "estilo de la feria universidad", que incluía información básica (desde la demografía de los estudiantes hasta las especialidades más populares y más) y efectos visuales para involucrar a sus "futuros estudiantes". Además de sus presentaciones de admisión, los estudiantes de segundo año también crearon trípticos o folletos, presentaciones de PowerPoint y carteles.

Oportunidad de enseñanza un electiva

¿Eres programador o conoces a alguien que es?
¿Tienes un profundo deseo de enriquecer las vidas de los estudiantes de secundaria? Si es así, ¡nos encantaría que enseñaras una materia electiva con nosotros! Comuníquese con Mike Lang en mike.lang@scienceandtech.org con cualquier
