A Learning Experience that Changed Me:

My second semester of my senior year of high school I was chosen to work as an intern at the Mount Evans Outdoor Education Laboratory School. There I learned with a new group of students every week. I was able to teach and study various subjects from First Aid and Archery, to Forestry, Mountain Ecology, Geology, and even astronomy. There I found my love for teaching and decided to pursue my passion for education as an adult.

My Favorite Book:

Harry Potter and the Prisoner of Azkaban by J.K. Rowling

My Hobbies and Interests:

Yoga, Bikes, Knitting, Reading, Gardening, Cooking, and Camping.

Prior Experience in Education:

I worked for Jefferson County OELS at both Mount Evans and Windy Peak. There I focused my skills on Forestry and Search and Rescue. I worked closely with the Gifted and Talented program for six years. I made the transition into the classroom in the fall of 2014. I was working in a small charter school in the Cole neighborhood called Wyatt Academy. There I found myself as the 7th and 8th grade English Language Arts teacher.

Something Super-Unique About Me:

I was the Treasurer of the National Council of Teachers of English MSUD affiliate.

Why I am Excited About Working at DSST:

I am so excited to work at DSST: Byers because of the passion that all of these amazing educators bring with them everyday. I see their passion ignite a fire in the eyes of their scholars and I cannot wait to be a part of this amazing organization.
