

Ms. Bocanera

Universidad de
Buenos Aires

Spanish

A Learning Experience that Changed Me:

One of the most life changing learning experiences was leaving my country and moving to Denver to study English. I got to meet very nice and interesting people from different countries, learn about their cultures, values and unique perspectives.

My Favorite Book:

La Casa de los Espíritus by Isabel Allende

My Hobbies and Interests:

I love going to coffee shops and bookstores to read and relax. I enjoy going to art exhibits and museums. I like to practice yoga and play volleyball. I love spending time with my husband. We like to travel, go to concerts, try new restaurants and spend time outdoors.

Prior Experience in Education:

I started working in education five years ago. I worked as a paraprofessional librarian, a Spanish teacher assistant and a math interventionist mostly for Spanish speaking students. I have worked in public, private and charter schools in ECE and elementary.

Something Super-Unique About Me:

I learned to ski when I was 28 years old and I can do some black runs now! It is never too late.

Why I am Excited About Working at DSST:

I am very excited about working at DSST because I truly believe in its core values. I am also excited to work with high school students and to be part of a thriving community.
