

**A Learning Experience that Changed Me:**

I really struggled in my 8th grade math class. I didn't understand the material and felt alone in my class. After seeing me discouraged, my teacher Mr. Voskamp pulled me outside the class and told me he was proud of me and believed in me. This gave me a new hope, inspired me to finish well and helped me to encourage others!

**My Favorite Book:**

"Mere Christianity" by C.S. Lewis

**My Hobbies and Interests:**

I love to spend time outside running, biking, and climbing. I also love to watch movies, T.V. shows, listen to podcasts, and travel as much as I can. If you are looking for good coffee, I am your man!

**Prior Experience in Education:**

I spent two years teaching other students at the University of Texas at Austin how to become social entrepreneurs. I have also taught refugees English as a Second Language internationally!

**Something Super-Unique About Me:**

I have lived in Athens, Greece and Dubai in the United Arab Emirates to work with people around the world on human rights, spirituality and developing community!

**Why I am Excited About Working at DSST:**

DSST Byers is working to provide education in the way it needs to be done in Denver by caring so much about relationships, empowering people to learn, and having fun the whole time through. I am so thrilled to be a Falcon because we are a special community that is stronger, braver, and smarter than we are apart!
