A Learning Experience that Changed Me:

A learning experience that changed me was having the opportunity to study abroad when I was in college. It changed how I viewed the world and has influenced me to help open the eyes of others (mostly my students) to the world around them. My dream is that we becoming increasingly more knowledgeable about the global issues that exist and we work together to make this world a better place.

My Favorite Book:

Too many favorites to pick just one!

My Hobbies and Interests:

Skiing, hiking, camping, rock climbing, softball, tennis, swimming, volleyball, (most things outdoors), running with my dog, traveling the world, being with my friends and family.

Prior Experience in Education:

Before coming to DSST: Byers High School, I taught 6th grade social studies in Byers Middle School for five years. Before that I taught 6th grade social studies in San Antonio, TX for two years. I also created Falcons without Borders and have started Global Citizenship as ways for students to access the world through service and learning.

Something Super-Unique About Me:

I love the Pittsburgh Steelers!

Why I am Excited About Working at DSST:

I am excited to work on the high school team at Byers because I love high schoolers, I am extremely passionate about teaching World History, and I can't wait to develop Global Citizens in the electives course "G-ship".
