### **A Learning Experience that Changed Me:**

When I was 15, I read Mere Christianity by C.S. Lewis. It was the first time I realized that the world as I experienced it wasn't necessarily reality. The book completely blew my mind and showed me the power of thought and theory. It was like I had been let in on a secret of the universe.

### **My Favorite Book:**

Harry Potter by JK Rowling

### **My Hobbies and Interests:**

I love hiking, camping, and paddle-boarding. I also love to cook for people and experiment with new recipes (not all of which are edible). I am interested in politics, social justice, and my cats!

### **Prior Experience in Education:**

Most of my experience is as a student myself. I've attended three different colleges and am still taking classes as a teacher! When the students are feeling finals, I'll be right there with them!

### **Something Super-Unique About Me:**

My mom put me in ballet when I was 4 years old, but they kicked me out after only two classes for being too bossy!

### **Why I am Excited About Working at DSST:**

First, I can't wait to meet my students. I want to make connections, foster development, create community, and support leadership! Second, I am excited to work alongside my colleagues. DSST has such a beautiful mission statement, which I know attracts amazing educators. I am thrilled to be working alongside people who share my same values and share a drive to forge a more equitable future.
