

Ms. Couture

University of
Southern Indiana

Director of School
Operations

A Learning Experience that Changed Me:

Coaching tennis at my hometown high school. I learned how much I cared about being a part of a program that has values to which it holds itself accountable, and I realized the surprising influence you can have on a child's life when given the opportunity. Plus, kids are fun. And funny.

My Favorite Book:

A Room of One's Own, Virginia Woolf

My Hobbies and Interests:

Baking, throwing dinner parties, coaching, tennis, shopping, craigslisting (I wish that didn't sound so creepy), and making Denver my home.

Prior Experience in Education:

Working as an Administrative Assistant at Venture Prep Charter School here in Denver for a year and a half, and interning during college with a Head Start program, focusing on second language acquisition.

Something Super-Unique About Me:

I really like organizing book shelves. Also, I have an affinity for refried beans that's not entirely normal.

Why I am Excited About Being A Staff Member of A Founding School:

I think the part that's the most amazing is you get to witness the joy (and at times the hardships) of a young person's story. And if you're lucky, you get to be part of the first moment of her or his journey in high school or middle school and those moments stay with you.
