

DSST: Byers High School
Department of Athletics

DSST: Byers High School requires all students to participate in four trimesters of physical education over their four years in high school in order to fulfill the DPS Physical Education graduation requirement.

Students may fulfill this requirement by participating in:

- a DSST: Byers High School fitness/wellness elective
- a DSST: Byers High School sport
- a CHSAA sanctioned sport
- a physical activity not offered at DSST that is approved by the Athletic Director

This form must be completed, returned to DSST: Byers Athletic Director Cassidy Greif, and approved in order for outside sports and activities to go towards graduation credit. We strongly encourage you to complete this process *prior* to participating in an activity to ensure credit.

In order for the activity to receive credit it should meet the following minimum requirements:

- 10 weeks in length
- 150 minutes per week

If you have any questions, please contact Mr. Greif at Cassidy.Greif@scienceandtech.org.

Student: _____ Grade: _____

Sport/Activity: _____

Name of Organization or School: _____

High School Sport *or* Activity
(circle one)

Length of Activity (dd/mm/yy - dd/mm/yy)

Number of Minutes Per Week

Does this activity require early release from school for practice or games?

Yes or No

If yes what days and times?
