

Mr. Bolinger

Missouri

Math

A Learning Experience that Changed Me:

As a first generational college student, I've learned that we are in charge of writing our own story and regardless of what 'hand we are dealt,' it is up to us to make the most of it. Navigating college as the first in my family is something that was challenging, but also extremely rewarding. I learned a lot about the world and myself.

My Favorite Book:

I love this job. I love what we do and I love that I can have an impact on someone's life. I enjoy getting to know people and be a positive force for change in their lives

My Hobbies and Interests:

I enjoy camping, barbecues, skiing, traveling (domestic & abroad), farming, practicing Spanish, Netflix, FWObing, taking my dog Raven (Ray-bae-bae) hiking and to dog parks

Prior Experience in Education:

This will be my 12th year in the classroom. I have previously taught middle school in St Louis, Missouri (2 years) and have been teaching in Denver for the past 9 years. I was a founding teacher at Byers 6 years ago. I have also worked to supporting beginning teacher through Teach For America's institute 3 summers in Chicago & Phoenix.

Something Super-Unique About Me:

I know a ton about cattle farming. I was the men's team captain of our college rowing program. I can name all the presidents in order in 15 seconds.

Why I am Excited About Working at DSST:

I'm SO stoked to be looping with the class of 2024 to 8th grade this year!
