## Northwestern College Special Education

### **A Learning Experience that Changed Me:**

I had the opportunity to serve students in a low-income high need area of Louisiana while in college. The experience of seeing areas in the US where students don't have access to the same materials or even quality of teachers as I did, changed how I saw education in the U.S.

### **My Favorite Book:**

Harry Potter (Any of them)

### **My Hobbies and Interests:**

I love my Goldendoodles (Louie and Luna) so anything I can do with them. I also love playing soccer, reading, and playing video games.

### **Prior Experience in Education:**

This is my 5th year of teaching, all of which have been with the amazing Byers community. I recently graduated with my Masters degree in Special Education.

### **Something Super-Unique About Me:**

I have 4 younger siblings, who are 16, 15, 11, and 9 :)

### **Why I am Excited About Working at DSST:**

I am inspired every day by working at a place that lives the core values so deeply. In addition, I love DSST's mission of eliminating educational equity.
